Help Save Our Beach!

Singer Island Beach is not only important to the residents of this idyllic barrier island but it is a vital resource for everyone who lives and works in Palm Beach County. 30 Million Dollars has already been set aside by the State for the Singer Island Erosion Control Project. It is critical that the County Commissioners are made aware that we want them to protect this beach not only for the people who work, live and play here, but for the sea turtles who also call this beautiful beach their home.

Visit www.singerislandbeach.com and download one of the letters and the six mailing labels at the top of the page. Complete the appropriate letter, make six copies of it and send them to the Palm Beach County Commissioners as soon as possible. You can also join in the conversation about this and other important issues affecting Singer Island at www.singerislandforum.com.

SingerIslandBeach.com is a new online community for everyone interested in Singer Island, Florida. The current focus of the site is on the Singer Island Coastal Erosion project, after the Palm Beach County Commissioners recently, rejected the plan to build breakwaters, just off of the shore of the north side of the island. Please sign the online petition and /or download and mail the appropriate letters from our site, asking the County Commissioners to reconsider their vote on this important breakwater project.

**Join Our Compassionate Island of Supporters,
TOGETHER WE CAN GET RESULTS!**

On **SingerIslandBeach.com** we also have pages of content about the Sea Turtles who also call this island their home, forums where you can discuss items of interest with other visitors to the site, free ePostcards of the area that you can send to your friends and family and more. We plan to develop this site into a one-stop-shop for everything "Singer Island" — so don't forget to visit often. Whether you are in town or not, SingerIslandBeach.com is the place where you can stay informed about this idyllic barrier island.
