The Resort at Singer Island Private Residences #1450

Set on the 14th floor with coveted southeast exposure, this refined over sized 3-bedroom, 3.5-bath residence captures unobstructed Atlantic and Intra-coastal vistas from a generous terrace—sunrises over the ocean, sunsets beyond the waterway. A private elevator opens to your own foyer, introducing designer finishes, granite counter tops, and premium Viking stainless appliances. Live the four-diamond lifestyle at the Resort at Singer Island: beach service, two pools, 3 on-site restaurants, room service, bars, market, a full-service spa, state-of-the-art fitness center, theater, and kids' club—effortless coastal luxury, every day. Unit freshly repainted. From morning espresso to evening cocktails, every detail is curated by staff, making this a perfect primary residence or lock-and-leave escape on the sand.

Residents enjoy a dedicated amenities level with a movie theater, billiards, residents-only lounges, outdoor recreation areas with built-in grilling stations and your very own private wine locker in the fine dining restaurant. In the private tower, just four residences per floor enhance the resort, turnkey, lock-and-leave lifestyle with security and on-site and even in-suite dining options.

The chef's kitchen blends form and function with Viking stainless-steel appliances, a gas range (that can also be converted to electric), dual ovens, and a wine refrigerator, all supported by a water filtration system. From sunrise over the ocean to golden sunsets across Atlantic Intracoastal Waterway this spacious sky home has it all!
